

My First Document

Dale Alleshouse

November 1, 2019

Abstract

Smartphones are increasingly being used to store personal information as well as to access sensitive data from the Internet and the cloud.

1 Introduction

This is a super normal, boring, and stupid paragraph...

1.1 Some Background

Here is some back ground, all the way from blah blah blah

1.1.1 Drilled Down

It's getting deep in here!

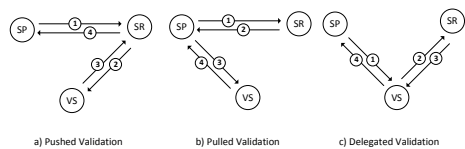

Figure 1: My First Figure

Header 1	Header 2	Header 3	Header 4
1	2	3	4
